Cleaning & Hygiene

PRODUCT CATALOGUE 2025

Engineered for Clean, Built for Industry.

Cleanliness and hygiene are critical elements of operational excellence. Whether it's a production floor, commercial kitchen, hospital, workshop, or warehouse, every environment requires products designed for durability, safety, and efficiency.

As a trusted B2B partner, we deliver high-quality hygiene chemicals formulated for demanding industrial applications. Our solutions offer optimum cleaning power, high dilution economy, and compliance with safety and quality standards—so your business can focus on productivity while we help maintain hygiene.

BATHROOM CLEANER

B1 is a comprehensive cleaner specially formulated to clean all bathroom surfaces, including sinks, tubs, tiles, floors, and fixtures.

Direction to Use :

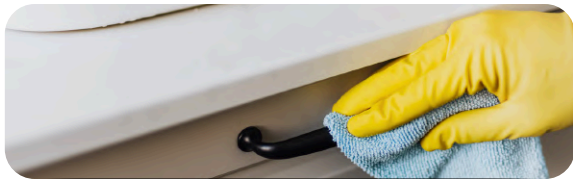

Dilute 25-50 ml of the product in 1 L of water and apply it to the surface to be cleaned. Rinse thoroughly with plain water. For heavily soiled areas, increase the concentration as needed.

Certifications:

ISO 9001:2015 | ISO 14001:2015 | GMP
MSDS Available on Request

Available in : 5L, 35L & 50L

HARD SURFACE CLEANER

B2 is a concentrated general-purpose cleaner.

Direction to use :

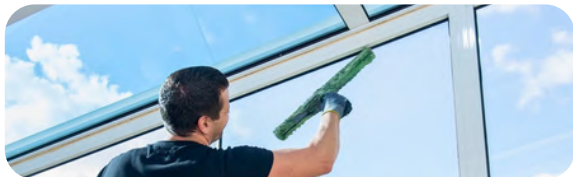

Hard surface cleaning: Dilute 25-50 ml in 1 L of water. Glass cleaning: Dilute 25 ml in 1 L of water. For heavily soiled areas, increase the concentration as needed.

Certifications:

ISO 9001:2015 | ISO 14001:2015 | GMP
MSDS Available on Request

Available in : 5L, 35L & 50L
